

UMass Global in partnership with Westcott Courses

Course content approved by University of Massachusetts Global.

Course Title: Introduction to Psychology

Course Code: PSYU 101

Credits: 3

Credit Provider: UMass Global

Proctored Final: Yes

Textbook Requirement

Free Digital Textbook! The textbook for this course is downloadable from OpenStax.org.

OpenStax is part of Rice University, which is a nonprofit. The material in this course include student resources such as videos, slides, lecture notes, and quizzes. Students can set up a free account at openstax.org and access numerous online guides and detailed solutions to problems and exercises.

Textbook Summary:

Psychology 2e is designed to meet scope and sequence requirements for the single-semester introduction to psychology course. The book offers a comprehensive treatment of core concepts, grounded in both classic studies and current and emerging research. The text also includes coverage of the DSM-5 in examinations of psychological disorders. Psychology incorporates discussions that reflect the diversity within the discipline, as well as the diversity of cultures and communities across the globe.

Course Description

This course provides an introduction to psychology as the scientific study of mental processes and human behavior. Biological, environmental and social factors which influence human behavior are examined as well as how humans feel, reason, remember, learn and develop. Psychological disorders and therapy methods are introduced.

Free Digital Textbook! The textbook needed for this course is free. The instructor will provided link in the LMS for the downloadable PDF.

Prerequisite:

None.

Learning Outcomes

After completion of this course, students will be able to:

1. Understand the major concepts of psychology, historical trends and empirical findings.
2. Explain the differences between the major theoretical perspectives of psychology.
3. Explain why psychology is considered a science and be able to think scientifically about mental processes and behavior.
4. Understand the different basic psychological research methods and their application to behavior, emotions and cognition.
5. Understand research design, data analysis, data interpretation and identify the pros and cons of each method.
6. Use skeptical inquiry and critical thinking skills effectively to seek and evaluate scientific evidence for psychological claims, differentiate empirical evidence from speculation and analyze a variety of types of media for valid psychological findings.
7. Understand and apply psychological concepts, theories and research findings to personal, social and everyday life.
8. Distinguish between ethical and unethical behavior in the practice of psychology.
9. Understand the interconnections between psychology and other disciplines.

Methods Of Evaluation

Quizzes 60%

Exercises, videos & discussion 15%

Final Exam 25%

Students must complete all coursework before they take the Proctored Final Exam.

(You must get at least 60% on this final in order to pass the class with a C or better.)

The Proctored Final Exam is a comprehensive final covering all of the chapters.

Proctored Final: 25%

This course goes towards a 4-year degree; thus, it requires a proctored final.

Students are responsible for proctoring fees.

We have an approved online proctor service that students can use if they have a web camera with their computer. This can be a laptop with a built in camera or a desktop with a web cam. This service charges \$60 for group sessions and double for private sessions. A student can also be proctored at college testing center, Sylvan Learning Center, Prometric Testing center, or Pearson Vue Testing Center. No other options are available.

A valid driver's license or State ID must be shown at the testing center. An expired license or State ID will not be accepted. Use this link to help you find a college testing center or Sylvan Learning center near your home:

Proctored Final

The final exam is a comprehensive final covering all of the chapters of the course. Other than scratch paper, you may view the "Authorized Materials" list for the final exam for each class.

*Students must obtain a 60%

or better on the final exam in order to get a C or better in the class.

The 60% rule was set in place to protect the integrity of online education by requiring a display of competency in exchange for a grade. All schools which are regionally accredited adhere to online standards. Your college is accepting this course because it goes through a regionally accredited university, which tells your college that standards have been met. Your college will not accept a class from a school that is not regionally accredited, because they know the standards won't be met.

Assessment

A 90-100 A Clearly stands out as excellent performance and, exhibits mastery of learning outcomes.

B 80-89 B Grasps subject matter at a level considered to be good to very good, and exhibits partial mastery of learning outcomes.

C 70-79 C Demonstrates a satisfactory comprehension of the subject matter, and exhibits sufficient understanding and skills to progress in continued sequential learning.

D 60-69 D Quality and quantity of work is below average and exhibits only partial understanding and skills to progress in continued sequential learning.

F 0-59 F Quality and quantity of work is below average and not sufficient to progress.

Content Menu

1 Introduction to Psychology

Introduction

1.1 What Is Psychology?

1.2 History of Psychology

1.3 Contemporary Psychology

1.4 Careers in Psychology

2 Psychological Research

Introduction

2.1 Why Is Research Important?

2.2 Approaches to Research

2.3 Analyzing Findings

2.4 Ethics

3 Biopsychology

Introduction

3.1 Human Genetics

3.2 Cells of the Nervous System

3.3 Parts of the Nervous System

3.4 The Brain and Spinal Cord

3.5 The Endocrine System

4 States of Consciousness

Introduction

4.1 What Is Consciousness?

4.2 Sleep and Why We Sleep

4.3 Stages of Sleep

4.4 Sleep Problems and Disorders

4.5 Substance Use and Abuse

4.6 Other States of Consciousness

5 Sensation and Perception

Introduction

5.1 Sensation versus Perception

5.2 Waves and Wavelengths

5.3 Vision

5.4 Hearing

5.5 The Other Senses

5.6 Gestalt Principles of Perception

6 Learning

Introduction

6.1 What Is Learning?

6.2 Classical Conditioning

6.3 Operant Conditioning

6.4 Observational Learning (Modeling)

7 Thinking and Intelligence

Introduction

7.1 What Is Cognition?

7.2 Language

7.3 Problem Solving

7.4 What Are Intelligence and Creativity?

7.5 Measures of Intelligence

7.6 The Source of Intelligence

8 Memory

Introduction

8.1 How Memory Functions

8.2 Parts of the Brain Involved with Memory

8.3 Problems with Memory

8.4 Ways to Enhance Memory

9 Lifespan Development

Introduction

9.1 What Is Lifespan Development?

9.2 Lifespan Theories

9.3 Stages of Development

9.4 Death and Dying

10 Emotion and Motivation

Introduction

10.1 Motivation

10.2 Hunger and Eating

10.3 Sexual Behavior

10.4 Emotion

11 Personality

Introduction

11.1 What Is Personality?

11.2 Freud and the Psychodynamic Perspective

11.3 Neo-Freudians: Adler, Erikson, Jung, and Horney

11.4 Learning Approaches

11.5 Humanistic Approaches

11.6 Biological Approaches

11.7 Trait Theorists

11.8 Cultural Understandings of Personality

11.9 Personality Assessment

12 Social Psychology

Introduction

12.1 What Is Social Psychology?

12.2 Self-presentation

12.3 Attitudes and Persuasion

12.4 Conformity, Compliance, and Obedience

12.5 Prejudice and Discrimination

12.6 Aggression

12.7 Prosocial Behavior

13 Industrial-Organizational Psychology

Introduction

13.1 What Is Industrial and Organizational Psychology?

13.2 Industrial Psychology: Selecting and Evaluating Employees

13.3 Organizational Psychology: The Social Dimension of Work

13.4 Human Factors Psychology and Workplace Design

14 Stress, Lifestyle, and Health

Introduction

14.1 What Is Stress?

14.2 Stressors

14.3 Stress and Illness

14.4 Regulation of Stress

14.5 The Pursuit of Happiness

15 Psychological Disorders

Introduction

15.1 What Are Psychological Disorders?

15.2 Diagnosing and Classifying Psychological Disorders

15.3 Perspectives on Psychological Disorders

15.4 Anxiety Disorders

15.5 Obsessive-Compulsive and Related Disorders

15.6 Posttraumatic Stress Disorder

15.7 Mood Disorders

15.8 Schizophrenia

15.9 Dissociative Disorders

15.10 Disorders in Childhood

15.11 Personality Disorders

16 Therapy and Treatment

Introduction

16.1 Mental Health Treatment: Past and Present

16.2 Types of Treatment

16.3 Treatment Modalities

16.4 Substance-Related and Addictive Disorders: A Special Case

16.5 The Sociocultural Model and Therapy Utilization

Course Content Menu

This course is online and your participation at home is imperative. A minimum of 8 - 10 hours per week of study time is required for covering all of the online material to achieve a passing grade. You must set up a regular study schedule. You have five months of access to your online account with a thirty-day extension at the end if needed. If you do not complete the course within this time line, you will need to enroll in a second term.

Schedule

Below is the suggested time table to follow to stay on a 16 week schedule for the course. The following schedule is the minimum number of sections that need to be completed each week if you would like to finish in a regular semester time frame. You do not have to adhere to this schedule. You have five months of access plus a 30 day extension at the end if needed. You can finish the course as soon as you are able, with a minimum coursework time of at least six weeks.

Week	Complete Chapters
1	Chapter 1
2	Chapter 2
3	Chapter 3
4	Chapter 4
5	Chapter 5
6	Chapter 6
7	Chapter 7
8	Chapter 8
9	Chapter 9
10	Chapter 10
11	Chapter 11
12	Chapter 12
13	Chapter 13
14	Chapter 14
15	Chapter 15
16	Chapter 16
17	Final

Code of Conduct:

It is the student's responsibility and duty to read the information below and become acquainted with all provisions of what constitutes academic misconduct involving cheating and plagiarism. Students are required to read each statement below, and the given repercussion. There are no exceptions to these policies, and the pretext of not reading each part will not be deemed as a reasonable excuse to contest the policies.

Code of Ethics:

Regulations and rules are necessary to implement for classroom as well as online course behavior. Students are expected to practice honesty, integrity and respect at all times. It is the student's responsibility and duty to become acquainted with all provisions of the code below and what constitutes misconduct.

Respectful communications:

When contacting Westcott Courses, you agree to be considerate and respectful. Communications from a student which are considered by our staff to be rude, insulting, disrespectful, harassing, or bullying via telephone, email, or otherwise will be considered a disrespectful communication and will result in a formal warning.

We reserve the right to refuse service. If we receive multiple disrespectful communications from person(s) representing the student, or the student themselves, the student will be excluded from taking future courses at Westcott Courses.

Grading information and proctored final policies:

The grading rules are put in place to protect the integrity of online education by stopping grade inflation, which is done by demanding a display of competency in exchange for a grade. By agreeing to the terms of service agreement, you agree to read the 'Grading' Policy from within your account, and the 'Proctored Final Information' page, if applicable. You have 24 hours after your first log-in to notify us if you do not agree to the grading policy and proctored final policy (if applicable) outlined in the pages inside of your account, otherwise it is assumed that you agree with the policies. There are no exceptions to these policies, and the pretext of not reading the pages will not be deemed as a reasonable excuse to contest the policies.

The definition of academic cheating is an act of dishonesty in order to obtain a higher grade in the course, and to gain an advantage over other students in the course.

To maintain academic standards, students are expected to practice honesty, integrity and respect at all times. Students who violate the policies of cheating, plagiarizing, or other academic misconduct will result in following actions.

1) Cheating in any way on the final exam results in an F on the final and an F in the class.

This includes, but is not limited to any form of collaboration, use of unauthorized materials, receiving or providing unpermitted assistance on the exam, using outside digital assistance such as a cell phone, tablet, ETC. to communicate with others or access outside websites, having someone else take the exam for you, taking an exam for another student, failing to stop working on the exam when the time is up.

Final exams are secure tests and the intellectual property of Westcott Courses. Taking screen shots of a digital final or copying a paper test is stealing our intellectual property and cheating. It is equivalent to stealing a copy of the final exam off an instructor's desk. When one student obtains the questions on a final, it means that other students who don't have the questions on the final are at a disadvantage. Once a final exam has been compromised it is no longer secure, and the exam is unfair for those who have not performed an act of dishonesty to gain the advantage.

Each of the infractions above represents a result of performing an act of dishonesty in order to obtain a higher grade in the course, and to gain an advantage over other students in the course. The result of any of the above offenses is an F in the course. Students who violate the above policy may retake the course after a first offense; however, a second offense will result in expulsion and students will no longer be able to take other courses at Westcott Courses.

Students are responsible for clicking on the "Proctored Final Information" link (which is on student's Main Menu), and reviewing the list of Authorized Materials for each course's final exam. Since each course is different, the "Authorized Materials" for each final is different. For example, some courses permit notes, while others do not.

2) Plagiarism: All of the following are considered plagiarism, and will result in a zero on the plagiarized assignment, and there are no opportunities to redo the assignment.

Merriam-Webster defines plagiarism as "the act of using another person's words or ideas without giving credit to that person"

Plagiarism includes, but is not limited to:

- * having somebody else write your assignment for you
- * turning in an assignment that contains work that is not your own
- * changing words in phrases, sentences and/or blocks of text without giving credit to the source (paraphrase)
- * copying ideas, phrases, sentences or entire blocks of text without giving credit to the source
- * not crediting the correct source by providing incorrect information

Plagiarism is an act of fraud, and can usually be avoided by using quotation marks and citing the source of the material. Instructors apply plagiarism software to find assignments that contain plagiarized material. Again, assignments that contain one of the above infractions will receive a zero on the assignment and the student will not have the opportunity to redo the assignment.

It is important to note that saving all your assignments to the end of the course, and then turning in multiple assignments that have been plagiarized will result in zeros on all of those assignments. This may mean that you no longer have enough points in the course to pass the class. Thus, turning in assignments one at a time and waiting for instructor feedback in-between is important for learning and making sure that you maximize your possible points.

If you have questions, please read more information about plagiarism at plagiarism.org, or ask your instructor.

Other Examples of Academic Misconduct:

- 1) Other forms of cheating include altering an exam and submitting it for grading, providing false excuses to postpone due dates, fabricating data or references, claiming that Westcott Courses lost your test and/or quiz scores, sending emails to Westcott claiming you did not know what you were doing was cheating.
- 2) Unauthorized collaboration - working with others on graded course work without specific permission of the instructor, including homework assignments, programs, quizzes and tests.
- 3) Copying Westcott Courses content and posting it on the internet. This includes assignments, quizzes, and tests.

By signing up for a course, you are legally signing a contract that states that the person who is named taking this course is the actual individual doing the course work and all examinations. You also agree that for courses that require proctored testing, that your final will be taken at a college testing center, a Sylvan Learning center, or at home using the online proctor. Also, the individual signed up for this course will be the one taking the test. Failure to do so will be considered a breach of Westcott Courses policies.

Important Notes:

This syllabus is subject to change and / or revision during the academic year. Students with documented learning disabilities should notify our office upon enrollment, as well as make sure we let the testing center know extended time is permitted. Valid documentation involves educational testing and a diagnosis from a college, licensed clinical psychologist or psychiatrist.
